

# VIKAS INTERNATIONAL SCHOOL

## KUALA LUMPUR, MALAYSIA

### NEWS LETTER:

#### A peep into the week.

Dear Vikasians,

We are extremely glad to see our school with 90% of our strength as we completed 1st week of our 1<sup>st</sup> term. We have gotten off to a very good start this year. All our teachers are fully energised and filled with lots of enthusiasm. They are not just preparing students for academics. They are preparing them for life as well. We know for the past two years, we really had a challenging teaching - learning platform. Even though the Management & teachers came up with varied extra curricular activities, we still weren't satisfied as we couldn't provide a fun filled teaching- learning atmosphere to our students, which was once our school's highlight. But now we are all back with the energy we've saved for the past two years. Our dedicated teachers were fully dedicated to find out ways to make the students enjoy each day at school. As a result we organised different activities for the students which enabled them learning through playing.

## A Picture Can Speak Thousand Words....

We would like to take you all on a journey through the last week.  
Let's sit back and enjoy...

### Primary:

### Std I: Activity on Counting Numbers

**Std II:**
