

VIKAS INTERNATIONAL SCHOOL
KUALA LUMPUR, MALAYSIA
NEWS LETTER:
GLIMPSE OF THE WEEK

Dear Vikasians,

Wow! What a fun week! We have had another week full of excitement, fun and studies. The highlight of this week was our school's field trip. Kids were on cloud 9 as they were going outdoors with their friends and teachers after a long time. Classes were conducted as usual on the other days. As Chinese new year is approaching, some classes made beautiful arts to celebrate this day at school. Meanwhile, some were busy with Republic day performance practice. We were glad to see the overall attendance of school throughout this week. I am sure all of us were waiting for the long weekend and super excited to enjoy the holidays. However, you must really enjoy these days to the fullest, but do not forget to start studying for the upcoming final exam before it's too late. Push yourself, as no one else is going to do it for you. Here's some glimpse of this week.

FIELD TRIP 2023 –

Field trips are an opportunity for the young kids to immerse themselves in discovering new and exciting things in life. It not only have educational benefits but also allow to explore the environment, develop and improve their social skills.

The field trip started by 8:30 am in the morning on Thursday. Students were energized by the excitement and anticipated of leaving the school environment. Buses were already waiting for the kids outside the school premises to start the journey. Kids were all set with their water bottles, loads of snacks, caps etc. to go on a field with their friends and teachers. They had lots of fun in their respective buses by singing songs, dancing, sharing snacks with their friends and looking around the lovely views throughout the journey.

Trip to Bird park, KL

Bird park is considered as a world full of spectacular birds and a tropical paradise. Classes 1, 2, 3 got a chance to visit this place along with their teachers. They were overjoyed to be in one of the largest walk – in aviary and see variety of beautiful birds that they have never ever seen before. They had a nice long walk exploring the place and had a close interaction with birds, which is quite rare nowadays. They also sat and had their snacks break together in the natural habitat. The kids were immensely happy to watch the live bird show, which had a mesmerizing performance of birds. They cheered them with a lot of pleasure. This made the kids realize that the birds and animals are as smart as human beings. After a long, great, tiring day, the kids were back to school around 2 p.m.

Trip to Putrajaya

Putrajaya is known for its late 20th century architecture. Classes 4 to 10 visited this place along with their teachers. All the kids were super excited and enjoyed a their fullest. We left around 8:45 a. m from the school premises. It took around half n hour to reach the place. Our first destination was Taman Saujana Hijau. It's a European styled park which has a beautiful lush green area with big pine trees and other types of trees. Kids had a good time walking through the nature, exploring beautiful flowers and trees and taking pictures with pretty views on the background. Though it was a long walk, it was indeed mesmerizing to experience the beauty of nature.

Our second destination was Putra mosque, which is located at the heart of the city on the edge of the lake and close to the Prime Minister office.

Kids were allowed to enter the prayer hall of the mosque. It was definitely a great and first experience for many kids to enter such a lovely place. They were surprised to see the fascinating and enchanting interior and the beautiful rose – tinted structure. They got the information about this place from a volunteer guide and were seen extremely happy.

Our third destination was Putrajaya International Convention Centre. It is Malaysia's premier meeting and convention venue. Kids were taken to the meeting hall where frequent conferences and events take place, which has a pretty ambience. They were provided with proper information about this hall.

Altogether, it was definitely a fantastic and informative trip. We would like to thank all the students for their cooperation and understanding and also, our parents for your support and trust within us.

***Gong Xi Fa Cai to all! Wishing you health, love and luck this Chinese new year!
May wealth come pouring in!***
